The PLANTS Database provides standardized information about the vascular plants, mosses, liverworts, hornworts, and lichens of the U.S. and its territories. It includes names, plant symbols, checklists, distributional data, species abstracts, characteristics, images, plant links, references, crop information, and automated tools.

The PLANTS Database enables you to:

SEARCH:

- Over 43,000 U.S. plant and lichen species
- Plants by common and scientific names
- Conservation plants
- Plant Materials publications
- Advanced query accesses to all PLANTS data
- Links to additional information

DOWNLOAD:

- Plant Guides and Fact Sheets for growing and managing over 500 conservation plants
- Photo gallery images and line drawings
- A complete PLANTS checklist
- State PLANTS checklists

UTILIZE TOOLS:

- VegSpec: Plant Selection Tool
- Crop Nutrient Tool
- ESIS: Ecological Site Information System

PLANTS Topics Include:

- | | |
|---------------------------------|-------------------------------------|
| • Agricultural buffer species | • Plant characteristics |
| • Alternative crops | • Plant distribution |
| • Conservation plants | • Restoration |
| • Culturally significant plants | • Threatened and endangered species |
| • Distribution maps | • Wetland indicator species |
| • Invasive plants | |
| • Noxious weeds | |

The United States Department of Agriculture (USDA) prohibits discrimination in its programs on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, and marital and familial status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD). To file a complaint, write the Secretary of Agriculture, U.S. Department of Agriculture, Washington, D.C. 20250 or call 1-800-245-6340 or (202) 720-1127 (TDD). USDA is an equal employment opportunity employer.
